

a cost/performance

STORAGE TECHNOLOGY CORPORATION

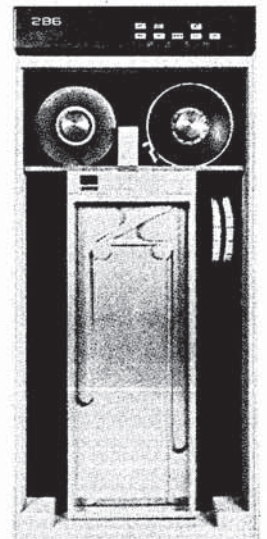

benchmark

Storage Technology Corporation announces a line of high performance tape drives plug-to-plug compatible to the IBM 2420 series tape drives. These drives are available to the IBM 360 user as well as OEM. For more information, write:

Storage Technology Corporation
P. O. Box 3524
Boulder, Colorado 80303
Phone (303) 449-1096

In addition to automatic threading, cartridge loading, single capstan, in-column rewind, and 1600 bpi phase-encoding, STC tape drives feature:

- o DAC-Dynamic Amplitude Control
- o Automatic Reel Hub
- o NRZI Model
- o SIMS/DUAL Density Options
- o Analog Capstan Control
- o Modular Construction
- o Integrated Circuits
- o Fail Safe File Protect

On display at SJCC/Booth 10009/Convention Hall
